Assure Lock® Keyless
—

Lose your Keys. For good®. Lock and unlock your home without the hassle of keys. Share digital keys with friends and family, view access history and receive notifications, all from your Yale Assure app.

Including a backlit touch screen keypad, users have the option of entering a PIN code to unlock the door.

An automatic re-lock function is available so that when the latch is retracted, the lock will automatically lock after a specified period of time.

The Yale Assure Lock Keyless digital deadbolt with Bluetooth can be upgraded with a Yale Assure ZigBee or Z-Wave Network Module to seamlessly integrate into most home automation and alarm systems.
