### Are mounting brackets included with the SkyBell Doorbell Camera?

Yes. All SkyBell Doorbell Camera models come with a wall mounting bracket included in the box.

The majority of doorbell buttons are mounted 4 feet (48 inches) off the ground, but there are also doorbell buttons mounted higher or lower than 48 inches.

**Note:** Wedge Mount plates with a 15° angle and additional accessories are available to purchase on the Partner Portal. For more information about ordering equipment, see [How do I order equipment?](#)
