F-SNMP

Network Management Card

F16 & F18 SNMP Card

ION's Network Management Card (F-SNMP) has been designed to work on both the F16 Line Interactive range from 1kVA to 3kVA as well as the F18 1kVA to 10kVA UPS systems. When optioning the F-SNMP with the ION range of UPS it allows for remote monitoring and control of an individual UPS via Web browser. The F-SNMP provides exceptional reliability and enables the UPS to provide real time notifications of any issues when they occur. An optional environmental sensor (F-EMP) can be added to the F-SNMP to provide temperature and humidity readings. Notifications can also be sent to keep you aware of any cooling issues.

F-SNMP FEATURES

- 3 year advanced replacement warranty*
- Remote management
- Supports HTTP, SNMP, SMTP, and SSH
- Real time monitoring
- Event notification
- Event logging
- Optional temperature, humidity sensor F-EMP

F-SNMP

Network Management Card

Specifications

F-SNMP
